Care and Cleaning

- ◆ *General cleaning: use a non-abrasive, non-detergent soap with a soft cloth, rinse and towel dry.*
- ◆ *Never use abrasives, metal cleaners, scouring pads, lime or rust removal, alkaline-based, ammonia-based or acidic-based chemicals or cleaning products.*
- ◆ *Brass has a living finish and its surface tarnishes naturally. You can expect tarnish, scratches, and dents to appear in your sink over time.*
- ◆ *Surface waxing is recommended. Each sink provides a factory applied layer of wax. However, after time and use, this wax layer will need to be rejuvenated. Johnson's or Trewax Sealer Finish for floors is recommended. Do not use any waxes that contain polishing agents.*
