## **BEFORE YOU BEGIN ASSEMBLY:**

Check all parts and hardware. If anything is missing or not satisfactory, please **DO NOT** call the store where purchased or return the product to them. **Contact Badger Basket.**

Most problems are resolved without you needing to leave home. When contacting us, please have this instruction manual, your product model number, and your product version code ready.

For fastest service, go to

<http://www.badgerbasket.com/parts>

**Your Product Version Code is: 2.1/0309/TG**

### **CARE INSTRUCTIONS:**

Wipe the table, pad, and safety belt clean with a damp cloth and mild soap as needed.

**WARNING - FAILURE TO FOLLOW THESE WARNINGS AND THE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH**

**READ ALL INSTRUCTIONS** before use of this changing table. Keep instructions for future use. **Choking Hazard!** Keep unassembled parts out of the reach of small children. Use only the parts, hardware, and changing pad provided by Badger Basket. Do not use the changing table if it is damaged or broken.

**FALL HAZARD** - To prevent death or serious injury, always keep baby within arm's reach.

**NEVER** leave your baby unattended, not even for a moment, when you are changing Baby's diaper. **ALWAYS** use the safety belt provided; and as an extra precaution keep at least one hand on your baby at all times.

**DO NOT** allow any children to climb or play on the table.

**Periodically check** to make sure all the bolts and screws remain tight.

This table is suitable for use with children weighing up to 30 lbs. (13.64 kg).

# PARTS AND HARDWARE:

## TOOLS NEEDED:

Phillips Screwdriver (*not included*)

*Power driver is helpful but be careful not to damage the product.*

## PARTS INCLUDED:

- (A) 16 - Black Pegs\* (one shown)
- (B) 2 - Top Rails
- (C1) 2 - Top Shelf Rails\*\*
- (C2) 4 - Middle/Lower Shelf Rails
- (D) 2 - End Panels
- (E) 16 - 1 $\frac{3}{4}$ " Bolts (one shown)
- (F1) 1 - Top Shelf Panel\*\* (not shown)
- (F2) 2 - Middle/Lower Shelf Panels (not shown)
- (G) 1 - Safety Belt
- (H) 1 - Metal Support Bar
- (I) 2 - 5/8" Screws (one shown)
- (J) 1 - Mattress Pad (not shown)

## ASSEMBLY NOTES:

*Parts & Hardware diagrams not to scale.*

*\* Style of PEGS may vary from shown*

*\*\* The two TOP SHELF RAILS have a larger shelf groove than the other four rails. The TOP SHELF PANEL is thicker than the other two shelf panels.*

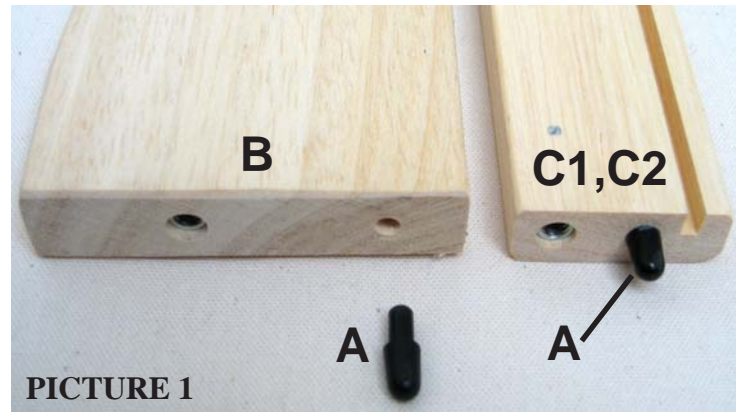

The table can be assembled by one person. Having a second person available to help can speed things along.

Don't fully tighten the bolts until the table is completely assembled. Then go back and tighten them securely, but don't overtighten.

**STEP 1:** See PICTURE 1. Insert the SIXTEEN BLACK PEGS (A) into the 16 peg holes on the ends of the TWO TOP RAILS (B) and the SIX SHELF RAILS (C1, C2).

Push the thinner end of the peg (as shown by Part B) into the hole until the wider end is flush with the wood (as shown on Part C).

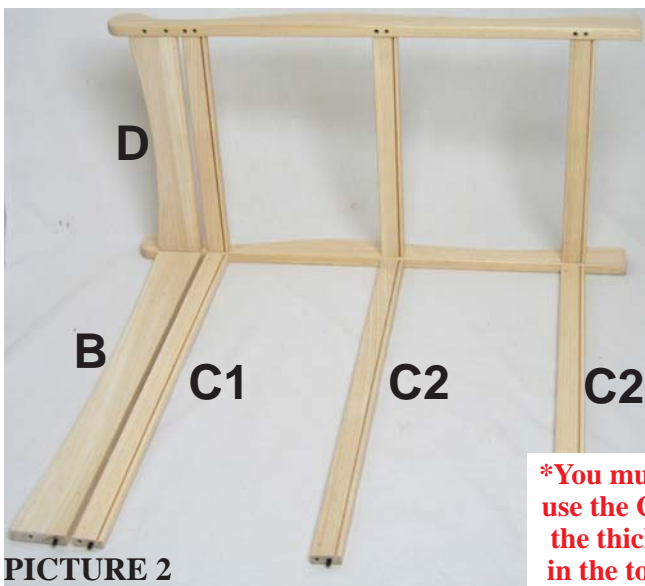

PICTURE 1

**STEP 2:** See PICTURE 2. Attach ONE TOP RAIL (B), ONE TOP SHELF RAIL (C1), and TWO MIDDLE/LOWER SHELF RAILS (C2) to ONE END PANEL (D) using FOUR 1 3/4" BOLTS (E).

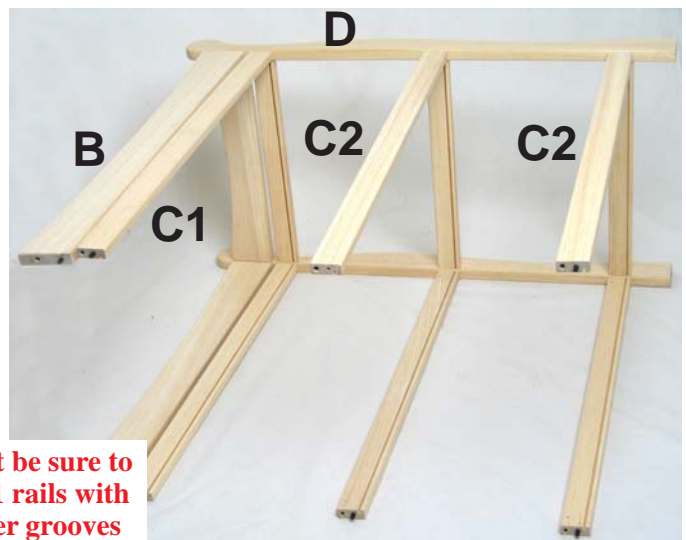

Insert the black pegs on the RAILS (B, C) into their pre-drilled holes on the END PANEL (D) to line up the other holes for the BOLTS (E).

The shelf grooves on the SHELF RAILS (C1, C2) should face in and line up with the shelf grooves on the END PANEL (D).

**STEP 3:** See PICTURE 3. Attach the second TOP RAIL (B) and the remaining THREE SHELF RAILS (C1, C2) to the same END PANEL (D) using FOUR 1 3/4" BOLTS (E).

PICTURE 2

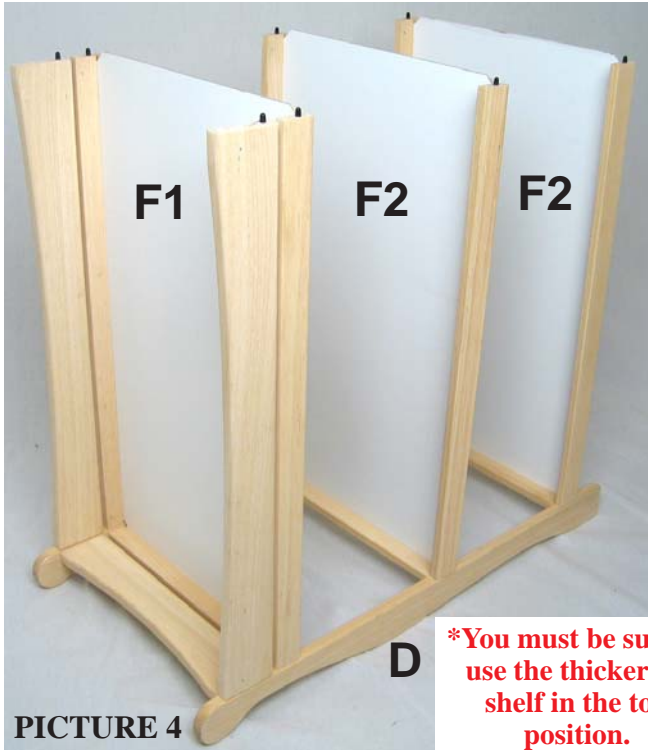

PICTURE 3

**\*You must be sure to use the C1 rails with the thicker grooves in the top positions.**

**STEP 4:** See PICTURE 4. Position the table so that it's resting on the END PANEL (D). Insert the TOP SHELF PANEL (F1) into the shelf grooves on the TOP SHELF RAILS (C1). Insert the TWO MIDDLE/LOWER SHELF PANELS (F2) into the shelf grooves on the MIDDLE/LOWER SHELF RAILS (C2). The white or the colored sides of the shelves face up (depending on your model) and are seated into the grooves on all three sides.

**STEP 5:** See PICTURE 5. Attach the SECOND END PANEL (D) to the TWO TOP RAILS (B) and SIX SHELF RAILS (C1, C2) using EIGHT 1 3/4" BOLTS (E).

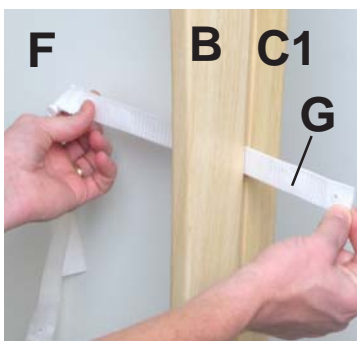

**STEP 6:** Note: This step can also be completed with the table upside down resting on the top which can make it easier to position the parts and secure them with the screws.

See PICTURE 6A. Locate the SAFETY BELT (G) and slip one of the ends with the pre-made screw hole between the TOP RAIL (B) and the TOP SHELF RAIL (C1).

See PICTURE 6B. Using the pre-drilled hole on the **underside** of the TOP SHELF RAIL (C1), secure the end of the SAFETY BELT (G) and the METAL SUPPORT BAR (H) with ONE 5/8" SCREW (I). Sandwich the end of the SAFETY BELT (G) between the metal bar and the top shelf rail as shown.

See PICTURE 6C. Repeat this step to secure the other end of the SAFETY BELT (G) and the other end of the METAL SUPPORT BAR (H) using the second 5/8" SCREW (I).

**STEP 7:** See PICTURE 7.

Put the table into its correct, upright position.

Place the MATTRESS PAD (J) onto the TOP SHELF (F1) underneath the SAFETY BELT (G).

**YOUR CHANGING TABLE IS NOW ASSEMBLED!**

**DO NOT USE THIS PRODUCT UNTIL YOU HAVE REVIEWED  
THE SAFETY INSTRUCTIONS ON PAGE 2!**
