

## Dimm-System "Punkt 1"

### Point Dimming

the dimming control is reduced to a single point on the arm of the lamp

### Tilt Switch

if the lamp gets tipped over, it will switch itself off

### Soft On

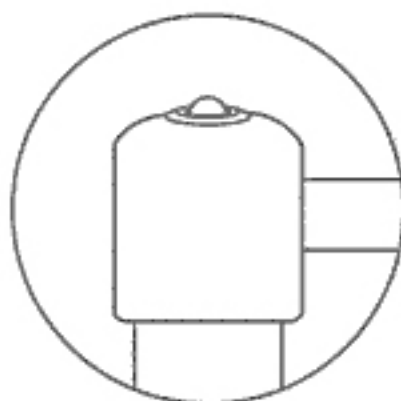

a single "click" will turn the lamp on -- the lamp gradually brightens to full brightness

### Soft/Delayed Off

a single "click" will turn the lamp off -- the lamp dims to 60% brightness, remaining at that level to allow you to exit the room; then the lamp gradually turns itself off

### Dimming Cycle

press and hold the dimmer down -- the lamp will cycle through all the dimming levels -- release the dimmer when the lamp reaches the light level of your choice
