

### Kickplates

- Kickplates prevent toe and finger pinching
- Small objects can't get underneath

- All edges, front, back and base are fully rounded to create **KYDZSafe®** edges
- Recessed backs enhance the strength and appearance

Jonti-Craft's

### **KYDZStrong®**

- **KYDZStrong®** construction employs the dowel pin technique. This leaves the thickness of the material intact where most of the stress occurs
- Increases the already noteworthy strength of our furniture by 30% or more

Dowel Pinning  
Construction

### Rainbow Accents®

- Rainbow Accents® furniture is constructed from thermo-fused laminate
- Scratch resistant double-sided laminate for E-Z cleaning
- Choose from eight different Rainbow Accents® edgeband colors

### **KYDZTuff®**

- **KYDZTuff®** finish is as tuff as the coating used on gym floors
- Resists stains, won't yellow and is E-Z to clean

### Caster Brackets

- Caster brackets are installed on all mobile storage units with kickplates
- Adds triangular strength to corners where most stress occurs

### **KYDZHinges®**

- **KYDZHinges®** are full length piano hinges that minimize the chance of pinching little fingers
- **KYDZHinged** doors are attached with a minimum of nine screws each and will pivot 270° making it difficult to separate the door from the unit

Edgebanding

### Thermo-fused Edgebanding

- Thermo-fused edgebanding is stronger than t-molding
- Thermo-fused edgebanding means no place for germs to hide
- Available in several colors
