

# Trims for 4" Vertical Lamp Incandescent Recessed Housings

Catalog No. \_\_\_\_\_

Type \_\_\_\_\_

Project \_\_\_\_\_

## General Trim Information

All trims are compatible with **4 Inch Vertical Lamp Incandescent Recessed Housings**.

All trims have white trim finish unless specified.

All trims are cULus listed.

All trims are suitable for damp locations; only shower trims are listed for wet locations.

## Specification Grade Trims

One piece ALZAK™ reflector. Spun parabolic contour provides 40° cutoff to lamp and lamp image. Optically designed for superior light control. All reflector finishes are low iridescent to eliminate the rainbowing effect. Self-flanged trim design that produces a smooth transition from fixture to ceiling. 90° wall wash cutout with wall wash kicker. Matching reflector finishes provide uniform distribution of light to the wall surface. Custom finishes are available, consult Con-Tech for details. White painted flange available. Add "-WPF" after the catalog number.

## Standard Finishes

**CST4322V-(CLR, PL)**

Finishes: **-CLR** (clear), **-PL** (matte platinum)

## Premium Finishes\*

**CST4322V-(CA, CAM, GP, GPM, MA, MAM, ON, ONM, SE, SEM)**
