

Odyssey Flexible Track System

Pendants

Odyssey line voltage flexible track system offers a unique visual interest over standard ceiling track. 120 volt pendants simplify system arrangement requiring no transformers for the incandescent offering. Gravity-Fit and Lock-Fit style pendant options allow a wide array of Orchard Field and Rock Cottage shades to suit your interior designs. All fixtures are available in a silver and antique bronze finish to add a modern style to many different environments. Adapters ensure a solid electrical connection and simple installation of fixtures to the track. All pendants carry Con-Tech's one year full replacement guarantee after installation. See specific shades for allowable lamp types and maximum wattage. Lamps are sold separately. All fixtures are cULus listed for dry locations.
