

17022R 6" IC Slope Ceiling Remodel Housing Recessed Downlight & Trims

- Designed for slope ceiling installations for ceilings from 2/12 to 6/12 pitch. The socket pivots to allow the lamp to be aimed straight down regardless of ceiling pitch.
- Designed for quick and easy installation in new or existing ceilings.
- IC rated. For installations where housing will be in direct contact with insulation materials.

HOUSING FEATURES

- Integral thermal protector rated 105°C guards against misuse of insulation materials and improper lamping.
- Socket swivels to properly align lamp.
- Junction box is listed for feed through branch circuit wiring and

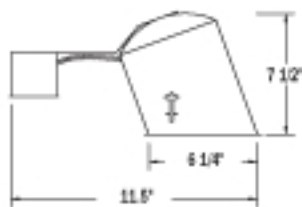

has four Romex knockouts that include integral strain relief.

INSTALLATION FEATURES

- 7 1/2" height allows use in 2" x 8" joist construction.
- Housing slips through 6 1/2" ceiling opening.
- Four remodel clips and 10mm lip secure housing and accommodate ceiling thickness.
- Supplied with 3 push-in wire connectors for ease of installation.

LISTINGS

- UL damp location.
- UL feed through.
- UL listed for direct contact with insulation.
- CUL approved.
