Product Details

Description:	Steep sloped ceiling baffle trim for 6" series line voltage downlights. The adjustable baffle trim provides proper lamp positioning and performance photometrics while providing maximum visual comfort. Designed for use with medium base incandescent reflector lamps.
Materials:	One piece spun aluminum outer trim with an inner specular reflector that is anodized aluminum. Integral trim ring is painted white. Adjustable socket bracket for use with R6VI-B-ICA housing.
Lamping:	Utilizes line voltage medium base incandescent lamps. Compatible with PAR30, BR30 and smaller sized reflector lamps, 75 watt maximum. Lamps are ordered separately.
Finish:	The baffle is available as Black (BK) or White (WT).
Listing:	U.L. & C.U.L. listed. Suitable for dry and damp locations.

Specification Features

- Handles surfaces up to 1".
- Trim is suitable for ceilings with slopes of 30° to 45° (7/12 - 12/12 pitch).
- "Quick-Ship" item, usually in stock at our distribution centers for immediate shipment requests.
