

## Sizing Charts – Make Sure You Order the Right Size!

Measure your dog using our guide below, then use the sizing chart for the product you want to determine which size is right for you and your pet. We recommend these sizes based on our experience. You may purchase a larger size, but beware if you buy a size too small your dog may feel cramped. If your dog is close to the top of the measurement range provided, go for the larger size. If you have a puppy, go with the measurements of a full sized breed or largest breed in your mix. You want your dog to be able to walk in, turn around and curl up for a nice nap or chew time with his favorite toy. If you need help, remember Live Chat is available or you can contact us at [customerservice@denhaus.com](mailto:customerservice@denhaus.com).

### TownHaus Size Chart (use small town logo)
